VOLUME XXXVIII

PARIS, BOURBON COUNTY, KENTUCKY, FRIDAY, OCTOBER 31, 1919

TO THE DEMOCRATS OF BOURBON COUNTY.

The contest for political supremacy in Kentucky is coming to an end. The election is but a few days off. The questions to be decided are: Shall A. T. Hert, Indiana millionaire political boss, Thruston Ballard, billionaire flour manufacturer, who is charging Kentuckians \$1.10 more per barrel for his flour than he charges people of other States, and Ed. Morrow, professional office-seeker, and the chatterbox of cheap politics, rule Kentucky? Shall the dirty flag of the Searcy-Chilton Republican bosses of Louisville wave from the Capitol at Frankfort? Shall the 75,000 negro Republican voters of this State elect their ticket and bring back the dark days of Taylor, Bradley and Augustus E. Wilson rule in Kentucky?

Do not be deceived. We have a fight on our hands. The Republicans have been organizing in every precinct in Kentucky for months. They have an immense corruption fund with which they hope to debauch Kentucky manhood. They are active and every one of them will be at the polls November 4th. They are spending sleepless nights contriving every sort of scheme in the hope of encompassing Democratic defeat. Are you as active and untiring for the success of Democracy and the triumph of a white man's government in old Kentucky?

Our last word is one of good cheer and hope. Kentucky is Democratic. Kentucky manhood can not be bought. A united Democratic party has never been and cannot be beaten in this State. We are united and confident. But we must get out our full vote. Take off your coat. Roll up your sleeves, get busy and we'll win.

United We Stand; Divided We Fall.

THE FLYING SQUADRON.

Only a small audience greeted "The Flying Squadron" at the court house in this city Wednesday morning, when Lynn Williams, "The Flying Parson" of Chicago, addressed them in the interest of the State-wide prohibition movement. The speaking was held in the County Court room, on account of the weather.

DE CRAFTS TO SPEAK HERE TONIGHT.

One of the most noted orators in the country, Dr. Wilbur R. Crafts, of Washington, D. C., will speak at the court house in this city tonight (Friday) at eight o'clock, in the interest of the State-wide prohibition amendment, which is to be voted on at the regular November election next Tuesday, November 4. There will be no admission charged and the public is extended a cordial invitation to attend.

LOOK OUT FOR HALLOWE'EN FRANKERS TONIGHT

To-night will be Hallowe'en, one of the principal festive occasions of the season, when ghosts, goblins and evil spirits are supposed to be out on parade. The mischievous youth will be on hand, and it would be well for every one to take inside everything of a portable nature, or it may be missing the following morning. Several Hallowe'en parties have been arranged to take place to-night, and the great event will be appropriately celebrated in many ways.

The celebration of Hallowe'en in this city to-night will be conducted on the "honor system." There is no law here against the wearing of masks or the clothing of opposite sexes, and in the past few years this has been an excuse for rowdiness on the part of many celebrators. This year's plans are for a sane and orderly celebration of the event.

The police have received instructions to take cognizance of any acts of rowdiness under the guise of Hallowe'en celebrations, and any such conduct will be promptly and efficiently dealt with. The police have been also instructed that the rights of women and girl pedestrians on the streets must be respected. Any reports of property damage through the overt acts of would-be celebrators will be investigated, and the guilty parties, if apprehended, will be made to suffer the penalty in the court of Judge Martin.

"THE SHEPHERD OF THE HILLS"

All the good things in Harold Bell Wright's novel are concentrated in the filmization of "The Shepherd of the Hills." This is one of the few stories that has not been spoiled in the retelling for the pictures. It remained for the ex-Kansas City clergyman to find romance in the Ozarks long before that country had become a national vacation land as it is now. The story of Mr. Wright's transition from a wandering landscape painter to a clergyman and later an author who has since become famous in all lands is interestingly told by the dramatic critic of the Kansas City Times.

LAW VIOLATOR FINED.

In the County Court Tuesday, Elmer Linville, of the Ruddles Mills vicinity, who was arrested by County Game Warden Douglass Thomas, on a warrant charging him with violating the game laws, pleaded guilty to the charge. He was assessed a fine of \$23.50 by County Judge Geo. Batterton.

REAL ESTATE TRANSACTIONS.

Frank Collier purchased at private sale Tuesday from George Reynolds, his farm of 125 acres, located on the Cane Ridge pike, eight miles from Paris, for \$47,000.

Through the real estate firm of Harris & Speakes, T. J. Marders, administrator of the estate of the late George W. Morrow, sold at public sale on the premises Tuesday afternoon, the home place, located on the North Middletown and Austerlitz pike containing fifty-five acres. The purchaser was Thomas Crawford, of Bourbon county, who secured the farm at \$353.25 an acre, a total of \$19,430.

The C. U. Bramlette real estate agency, of Carlisle, reports the sale of the R. A. Berry farm of sixty acres, near East Union, in Nicholas county, to Nathan Buckler, of Bourbon county, for a private price. David Clark and G. W. Bramlette, of Millersburg, sold Wednesday to Mattox & Son, 125 acres of land, known as the Murray farm, near Millersburg, for \$285 an acre. Messrs. Clark and Bramlette had owned the farm, but two days, and in making the sale cleared \$4,000.

Harris & Speakes sold at public sale on the premises, Tuesday, for Geo. C. Thompson, Sr., his farm of 420 acres, located on the Ruddles Mills pike, for a total of \$88,000. The farm was sold in two tracts. Tract No. 1, containing 246 acres, was purchased by Clifton Dalzell, of Paris, for \$216 an acre. Tract No. 2, containing 174 acres, was secured by Wm. Brannock and J. W. Connell, of near Paris, at \$205 an acre. In this sale Mr. Thompson realized more than double the price he paid for the farm four years ago, when he bought it from Wm. H. Whaley, Jr., for \$105 an acre. The sale Tuesday averaged \$211 an acre. Mr. Connell on Wednesday resold his purchase to J. B. Caywood at an advance of \$10 per acre.

Dr. W. B. Robinson, of Mt. Sterling, sold tract one of his Bourbon county farm, containing twelve acres, to Will Rash, of Bourbon county, for \$275 an acre. Tract No. 2 was unsold. The third tract, containing 145 acres, was sold to C. B. Curtis, of North Middletown, for \$180.25 an acre.

Owing to the inclement weather and other reasons, the sale of the Oder farm, near Hutchison, scheduled for yesterday, was postponed, and will be held at another date.

EXPERTS FIGURING ON PUBLIC UTILITIES.

Several experts representing some of the largest concerns in the United States have been in Paris for several days, in consultation with Mayor January and members of the Council Committees on Improvements, etc.

For some time the matter of municipal ownership of public service utilities of this city have been under consideration, but the matter has been held in abeyance until estimates of cost could be procured. The first of these will be the installation of a complete electric light plant. The experts have secured complete data as to the number of high power electric lights, as well as those of lesser capacity, necessary to furnish the city with light, and to take care of private consumers. The report will be completed soon and submitted at a meeting of the Council.

AT THE PARIS GRAND AND THE ALAMO.

To-day, Friday, October 31—Madeline Traverse, in "The Rose of the West," Anne Luther and Chas. Hutchison, in "The Great Gamble." To-morrow, Saturday, November 1—Tom Moore, in "Heartsease," Jas. J. Corbitt, in "The Midnight Man." Monday, November 3—All-Star Cast, in "The Other Half," Bill Parsons Comedy, "Close To Nature."

MONDAY COUNTY COURT DAY.

Next Monday will be County Court day, when a large attendance of farmers and traders is expected to be in the city. There will be public speaking at the court house by Hon. Harry V. McChesney and Mr. Maury Kemper, in the interest of the Democratic State ticket. Being the day before the regular election, there will be a great deal doing among the politicians, who will take advantage of the presence in the city of large numbers of voters to fix up their fences for the contest to follow the next day.

HORTENSE NEILSEN AT HIGH SCHOOL THURSDAY.

Everyone who can possibly do so should hear Miss Neilsen at the High School next Thursday, Nov. 6th. Miss Neilsen is one of the foremost impersonators on the American stage to-day. This week she appeared on Monday, Kentucky College, Lexington; Wednesday, Transylvania College, and Sayre College, Lexington; Thursday at Center College, Danville; Friday, Georgetown College, Georgetown; Saturday, Wesleyan College, Winchester.

Miss Neilsen is a sister of Alice Neilsen, the grand opera singer. Every student and lover of art and literature should not miss this opportunity.

HOSPITAL REPORT READ AT SPECIAL MEETING.

At a special meeting of the Paris City Council, Tuesday night, called for the purpose, the report of the special committee appointed by the Council to investigate the management and condition of the Massie Memorial Hospital, was read.

The testimony given before the special committee covered about three hundred typewritten pages, and included sixteen physicians; representatives of the past and present Fiscal Court; fourteen nurses who have been employed at the Massie Hospital and in twenty-nine cities. Only about one-third of the testimony was read, owing to the length of the statements. The Council adjourned until Wednesday night when the remainder of the report was read. The Council took the report under advisement, and made it a special order to be acted upon at a meeting to be held in the future. The testimony of the various witnesses was preceded by statements from the investigating committee. The report was signed by the members of the committee, Misses Helen Hutchcraft and Mary K. Stone, and Mrs. Wm. Kenney.

The following is a complete text of the statement of the committee introducing the report:

"The Committee appointed by the City Council of Paris, Kentucky, to investigate the general management and conditions of the Massie Memorial Hospital submits herewith all evidence of those who appeared in the institution, as recorded by a stenographer and a notary public.

"Sixteen physicians of the county have testified. One, as a member of the Hospital Board, asked to be excused. All persons at present employed, and as many as possible of those employed in the past, at the hospital, were asked to appear. The evidence of those who appeared in response to our summons is given.

"The president of the Hospital Board and all members of the Women's Board were requested to be present. Of this number two appeared, two stated over the telephone that they knew nothing of interest, one was unable to come because of illness in the family, and one was out of town. The response of the chairman of the Women's Board came in the form of a note, which is attached to this report.

"Evidence of several public officials who have had some connection with the Hospital is included. The evidence also includes the testimony of a miscellaneous group of people who were summoned or who came voluntarily.

"We realize that a limitless amount of testimony might have been collected from the public-at-large, but inasmuch as full testimony is given by the persons having the most intimate knowledge of the affairs of the hospital, viz. the physicians and the nurses, the evidence collected is deemed adequate."

Y. M. C. A. NOTES.

The Rev. Roger T. Nooe, of Frankfort, Ky., who has only recently returned from service in France, will deliver an address at the Opera House, Sunday afternoon, Nov. 2, at 3 o'clock. The Rev. Noe is a forceful speaker and thrills his audience with enthusiasm. The churches and other organizations of the county are requested to arrange their business meetings so as to not conflict with this meeting, as it is the earnest desire of those having the matter in charge to give every person in the county an opportunity to hear Mr. Nooe. Among the musical attractions will be a solo by Capt. Robert Harbeson, a returned soldier. Admission free.

Rev. Roger Nooe will speak at the Paris Opera House on Sunday afternoon at 3 p. m. instead of Sunday evening, as originally stated. In addition to the address by Dr. Nooe a special musical program has been arranged. Mr. James Caldwell has secured the Boys' Band of Maysville, for the occasion. Capt. Harbeson will sing. All the churches of Bourbon county are uniting in the meeting and a crowded house is assured. Admission will be free.

"Grandfather" Dailey has the honor of being the first subscriber to the "Y" campaign, which is just starting. "Grandfather" was at Camp Daniel Boone last summer and is especially interested in that phase of the State "Y" work. He has roomed at the Y. M. C. A. building for more than a year.

DEED CASE FILED IN CIRCUIT COURT.

A suit has been filed in the office of Circuit Clerk Wm. H. Webb, by Miss Letitia Clay, of near Paris, through her attorneys, E. M. Dickson, of Paris, and Judge Ed. O'Rear, of Frankfort, against Brooks Clay, of the county, in which Joseph H. Clay, Henry B. Clay, Frank Clay and Mrs. Maggie Clay Howard are also mentioned as co-defendants.

The suit asks to have certain deeds given by the plaintiff to the defendant set aside, and that she be adjudged owner of the property subject to certain condition expressed in a will of her father, Henry Clay. The land is in three tracts and aggregates 420 acres.

The plaintiff's father, Henry Clay, died in 1898, leaving his estate to his children, Letitia, Joseph N. and George Clay, decreeing that if either Letitia or George Clay should die without children their share would go to the other. George died in September, 1919. The plaintiff claims that before his death, by threats, duress and force, he made her sign deeds of the property to Brooks Clay, the defendant, for which she never received any compensation or consideration.

AMERICAN WAR MOTHERS MEET IN LEXINGTON.

Mrs. Harrison Garner Foster, of Lexington, was elected Kentucky War Mother to succeed Mrs. Reuben Hutchcraft, of Paris, at the first annual meeting of the Kentucky chapters at the Parish House, in Lexington, Tuesday. Mrs. Hutchcraft was elected first vice mother; Mrs. A. B. Oldham, of Mt. Sterling, second vice mother; Mrs. J. T. Knowlton, Winchester, recording secretary; Mrs. Thomas C. McDowell, Lexington, corresponding secretary; Mrs. Walter Payne, Paris, treasurer; Mrs. B. M. Herndon, Georgetown, first auditor, and Mrs. Kate B. Taylor, Louisville, second auditor. The next State meeting will be held at Louisville.

The organization will support the State Memorial building at the University of Kentucky, co-operate with the Kentucky Federation of Women's Clubs in promoting conservation, oppose all forms of Bolshevism, and work hand in hand with the American Legion to carry out the ideals of the men who were in the service.

At the close of the opening address of Mrs. Hutchcraft, the State War Mother, the Bourbon county delegates presented her with a beautiful bouquet of pink roses as a tribute. Those who attended from Bourbon county were Mrs. Allie S. Dickson and Mrs. John T. Collins, of North Middletown; Mrs. Cassius M. Clay, Mrs. James S. Douglass and Mrs. Edward Turner, of Paris.

The next meeting of the State organization will be held in Louisville.

DOCTOR ALEXANDER IS OUT FOR BLACK.

A development of the greatest importance in the campaign for Governor in Kentucky came when Dr. A. J. A. Alexander, of Woodford county, chairman of the Kentucky Forward League and the admitted leader of all the temperance forces in Kentucky, came out in a strong interview urging the people of Kentucky to vote for Governor Jas. D. Black at the polls next Tuesday.

The announcement of Dr. Alexander will, it is believed, have influence in every part of the State, as few men who live in Kentucky are trusted by as many people or have a larger influence. It is known that Dr. Alexander did not decide to make a public announcement until he had carefully gone over the whole situation and considered every issue in the campaign. His declaration will, it is believed, solidify the temperance vote of the State for Governor Black.

He strongly commended Governor Black's program for educational reform, and closed by stating:

"I am for Governor Black because he is an upright, Christian gentleman who can be counted on to worthily govern this State."

REV. HAL E. SPEARS TRANSFERRED TO LOUISIANA.

Rev. Hal E. Spears, a former Paris boy, who has been rector of the Somerset, Maryland, parish, since January, 1914, sent his resignation to the vestrymen of the parish, and has accepted the rectorship of Grace Church, Lake Providence, Louisiana. He will assume his new charge, November 15.

Rev. Spears is a son of the late Mr. Henry Spears, and a brother of Ben Spears, of Paris.

The Princess Anne (Md.) Marylander and Herald, says:

"Rev. Spears came here from the Diocese of Arkansas, and about three years ago he became rector of Grace church, Mt. Vernon, during which time he made a large increase in the membership of that church."

"Mrs. Spears died at St. Andrew's rectory about three years ago. During his almost six years stay among us Mr. Spears has made a host of friends who will regret his departure from our town as well as from the rectorship of St. Andrew's church."

Warning! More INFLUENZA

You may be the next stricken—
Build Up Your Strength
Now with Pepsinol

THE health commissioner of one of America's largest cities has issued a warning that another Influenza epidemic is coming! He has advised the people of his city to guard their health—to build up their strength. The warning has been echoed by medical authorities throughout the nation. Every man and woman in America should heed this warning.

Pepsinol is a marvelous strength-builder. It is reconstructive, restorative tonic that will fortify you against disease. It acts quickly on the blood, the nerves and the tissues, giving the whole constitution the strength to throw off disease. Pepsinol renews the power of every vital organ that's subject to attack by that dread scourge—Influenza. It's the greatest general conditioner that you can get, whether you live in country or city.

Influenza, the horrible disease which took fully 500,000 American lives in the last epidemic, strikes all ages. Last year it was particularly fatal to those between 25 and 45, fifty per cent of all deaths being in that group, according to the most reliable statistics. No drug that will cure Influenza has ever been found. The safest way, the surest precaution, is to build up the general health and refresh your vitality. Pepsinol will help you do this.

Influenza is not only particularly fatal, but its after-effects on those who recover are most serious. Pneumonia, tuberculosis, heart trouble, constitutional and muscular weakness frequently develop long after all danger seems over. Some cases of insanity are laid to Influenza poisoning. It not only weakens physical stamina, but also destroys the vitality of the nerves.

Influenza is threatening you, unless you have the strength that makes you safe. It's near at hand, ready to attack you at the first favorable opportunity.

Its opportunity comes when you are weak, nervous, run down, exhausted. Build up your strength quickly.

Pepsinol, the world-famous tonic, is what you need for strength. You need its Stomach-Toning, Nerve-Refreshing, Tissue-Building qualities. Pepsinol makes the weak and feeble robust and strong. It invigorates the appetite for good, nourishing food that is transformed into heat and energy through thorough digestion. It soothes and refreshes the nerves, giving them vitality that they need to ward off the debilitating shocks of disease.

Be sure that another epidemic of Influenza does not find you unprepared. Get the strength that you need if you would successfully combat this disease. Pepsinol is recommended by high-class physicians and specialists because its ingredients, selected for their purity, are especially adapted to the needs of the human system, to relieve stomach trouble, help the nerves and renew your strength. Its gentle laxative qualities make the digestive organs function properly and keep the system cleansed of the intestinal poisons that destroy physical energy.

Genuine Pepsinol is made only by The Peplax Medicine Company, Memphis, Tenn., and is strictly in accordance with the standards of the U. S. Pharmacopoeia. You may get Pepsinol from the authorized Pepsinol agent in your community.

DO YOU RECALL CULEBRA?

"Whenever I see one of these two-story fronts on a lean-to store building, I am reminded of the Culebra Cut," observed the Smoking-car Philosopher.

"A thing to be impressed with when you look up at it in the present, but of very little account once you get past it and look back.

"Now of course the Culebra hill was a very real and great obstacle in the course of a very real and great work. But who thinks about that now. If you should see 'Culebra Cut' in the headlines you would catch yourself wondering what part of Jungo-Slavia Mr. Culebra was Prime Minister of and who cut him.

"But do you remember the days when scores of steam shovels bit and clawed at its sides and you looked first into the morning paper to see

whether shovels or slides had the best of it the day before?

"The shovels won and Culebra is dead. A whole fleet of warships sailed right by Culebra the other day and never even fired a salute.

"It's the same old story in every day life. Every one of us has been confronted sometime with a future threat loomed over him like Culebra itself, threatening to slide over and block his path.

"Most of us have kept right on with a full head of steam on our own particular steam shovel and by and by our scratching has had its effect. After we had scratched for a while, we could buy a little bigger steam shovel and scratch harder. And when we get a good bankroll collected, nobody could tell us there ever had been a threatening future."

"I'm scratching all I can to buy \$100 Treasury Savings Certificates."

observed the silent man in the corner.

"Righto," agreed the philosopher. "Culebra would have to slide uphill to hurt them."

PAY YOUR PLEDGES TO HEALTH & WELFARE LEAGUE.

A large amount of money was subscribed several weeks ago for the benefit of the Bourbon County Health and Welfare League, at a mass meeting held at the Grand Opera House. At this time no money was taken, but pledges to pay certain amount were made.

Some of the amounts pledged on the subscription list have not been paid, and all persons who have not paid are requested to call on Mrs. C. O. Hinton, at the First National Bank, and make good their pledges. The money is needed by Mrs. Harriet Minaker, Visiting Nurse of the League, in order to make preparations for its use in the demands on the League for the coming winter.

"LEST WE FORGET" RED CROSS ROLL CALL!

There are those who are saying "The war is over—let us forget it," and well it is to forget, but with the things that are strictly of the war many are forgetting those that only rose to meet the nation's need and are organizations of peace as well as of war times. Years before the war the American Red Cross was established and it is no more a strictly war organization than is the government of the United States. Now that the war is ended the one dollar membership will support the splendid peace time activities which have been planned by those who know Red Cross work.

The Red Cross is enrolling fifty nurses a month in the Lake Division alone, all to be kept at home as the overseas nursing service requires American soldiers in convalescent hospitals and they are being given all the care possible. American women are realizing that the opportunity to save life is just as great in America now as it was in Europe during the war.

Statistics show that since 1900, disasters of peace time have brought personal injury to 1,500,000 persons, at the same time destroying property valued at many millions of dollars. During 1917 alone, eighty disasters were given relief by the Red Cross. The three emergency headquarters of the Lake Division are already established at Cleveland, Indianapolis and Louisville. From Red Cross warehouses in these cities supplies can be loaded on trucks in ten minutes and rushed to the disaster area.

Hospitals in ten towns in Kentucky are receiving supplies from Cleveland, Ohio, St. Joseph's and the Deaconess hospitals, Louisville, having received sixteen cases.

It is to continue and extend Red Cross Service for Americans that an appeal for dollar membership is to be made in the third Red Cross Roll Call, November 2-11.

CHAMBERLAIN'S COUGH REMEDY.

This remedy is intended especially for coughs, colds, croup and whooping cough. From a small beginning its sale and use has extended to all parts of the United States and to many foreign countries. This alone is enough to convince one that it is a medicine of more than ordinary merit. Give it a trial and you will find this to be the case.

Elect Gov. Black Tuesday

Kentuckians! The issues are clear! On its record in State and Nation, a united Democracy asks you to answer these questions by your votes on Tuesday, November 4th.

Will a Ringing Message of Cheer go to that sick chamber in Washington, or will Kentucky go under the cloud of support of those men who are seeking to discredit America's Greatest Statesman, purely for partisan Reasons?

Will Kentucky go forward to four years of progress under the able leadership of Governor James D. Black, or will it become a pawn in the hands of A. T. Hert, whose sole use for our State is the furtherance of personal ambition?

Ballard Self-Confessed Profiteer

Thurston Ballard, the multi-millionaire president of Ballard Mills, of Louisville, was the man chosen by A. T. Hert for his hand-picked Republican ticket as the candidate for Lieutenant Governor. A close personal and business friend of Mr. Hert's, with ample funds at his disposal for campaign purposes, it is easy to see why he was chosen for as the nominee for this office.

Admits Selling His Flour at \$1.10
Less in New Orleans Than in
His Own State.

This is the man who is running with Mouth-Piece Morrow at the head of the Republican ticket—the man who, by his own admission, pleaded guilty to being a profiteer. Not satisfied with profiteering, the defense he made of his action is a slap at the people of Kentucky. The reason he gave is that he sells his flour for cash in New Orleans—as though Kentuckians could not pay cash!

Black Fights For the League of Nations But Morrow Only Equivocates!

The Republican nominee is already listening to "His Master's Voice." To Gov. Black's repeated challenges as to his stand for or against the League of Nations, he has given only evasive answers. He dare not face the issue fairly and squarely.

Yet is there anyone who doubts that the election of Morrow will be hailed by Republicans as a victory in their fight in opposition to the League of Nations.

Elect Morrow governor and they will come out from under cover and in glaring headlines announce that Woodrow Wilson's stand for civilization has been repudiated.

By their evasion they stand against it—they make it an issue.

Kentucky gave nearly three thousand of her sons to make the world safe for democracy. Will their lives have been given in vain? Will Kentucky continue to uphold the hands of Woodrow Wilson, to whom the peoples of the world are looking for leadership? Your votes Tuesday will decide.

Morrow's Todays Are All Yesterdays

Seemingly, he does not know that it is Gov. Black who is his opponent in the present race. His entire campaign has been one of "what he would have done."

He has said he would have kicked out the School Book Commission, though even he must have known that that would have made him a lawbreaker. The question naturally arises—would he, as governor, care for the laws of the state?

He has criticized the new tax law, though he knows that he gave it his endorsement and that it bears the name of a fellow Republican. Not he—but Gov. Black, instead—has made constructive criticism of this law.

He has continually talked of "cleaning house at Frankfort" and charged the maintenance of useless offices—yet to repeated demands he has not dared name one charge against any man nor specifically state one office he considered useless.

Far Out of Step With Kentucky's Progress

Morrow has gone far back to Augustus E. Willson's administration for comparison of expenditures. By doing this, he has shown a lamentable lack of knowledge of the costs of today and of the yesterday in which he has been living.

He has shown, too, a surprising lack of knowledge of the onward sweep of progress that Kentucky has been making.

Seemingly he does not know that since Gov. Willson's term a Good Roads Department has been established and it has built 1,740 miles of good roads, at a cost to the state of \$3,040,911.00.

Seemingly he does not know that Kentucky now has 13,000 rural schools while under the Willson administration there were but 8,000. Is it any wonder \$2,800,000 more has been spent for educational purposes?

Not Too Late, Judge!

Judge Bethurum, it is not too late! You publicly stated that you would withdraw the Republican nominee could it be shown that he had a hand in the tobacco cases of Grant County.

At the same time your candidate was admitting that he wrote a letter opposing the pardon of the five farmers convicted. You need not even take his word for it. Attorney General Palmer will tell you, as he has told all of Kentucky in a published letter, that the files in his office at Washington show that Morrow did oppose the pardon that was rightfully granted these men.

Make good your word. Your candidate's guilt is proven. It is up to you.

Shall A. T. Hert Rule Kentucky?

Hark to What Chairman Rhea Said of A. T. Hert, the Republican "Boss" of Louisville, in His Speech at the Opening of the Democratic State Campaign at Hopkinsville.

"Shall A. T. Hert, lately of Indiana, now of Kentucky, be allowed to name the members of the State Tax Commission? Shall he and his millions dominate the politics of this state for the next four years? This is the most vital issue facing the people of the State today.

"Shall Mr. Hert, with the aid of Thurston Ballard, the profiteer, and the other millionaire candidates on the Republican ticket, be allowed to take over the State government outright? Behind Mr. Morrow's booming voice is the cunning hand of Hert. Morrow is the mere mouth-piece for Hert. The voice is that of Jacob, but the hand that of Esau. Shall Hert build a bridge from the Louisville City Hall to the State Capitol? Shall the Louisville Republican machine extend its sway to Frankfort?"

DO KENTUCKIANS WANT TO SEE HIM USE THE GOVERNOR'S MANSION AS A STEPPING-STONE TO WASHINGTON?

"WILD GEESE THAT FLY IN THE NIGHT"

Hundreds of wild geese, southward bound, passed over Paris, Tuesday night, according to numbers of people who heard their honking as they flew. According to local weather prognosticators this flight is an indication that winter is close at hand. The geese were flying low, and attracted attention by their noise. The flight of the birds were first noticed about 10:30 o'clock, their passage requiring several hours. The migration of wild geese is an annual event, the birds forsaking the cold of their Northern haunts for the warmth of the South.

A prominent farmer residing near Paris, told THE NEWS man that, hearing a strange noise in his yard late Tuesday night, he went out to investigate, and was surprised to find a large number of wild geese running about in confusion. The flock had evidently lost their leader, and were looking for a way out. None of the geese were captured or killed that we have heard of, though hunters were out looking for them Wednesday morning.

EDWIN P. MORROW ADDRESSES LARGE CROWD HERE

There was a large outpouring of the Republican citizens and voters of the county, as well as those of other parties, at the court house in this city, Wednesday night, when Hon. Edwin P. Morrow, of Somerset, candidate for Governor on the Republican State ticket, addressed them in the interest of his candidacy, and that of the other candidates on the ticket.

Mr. Morrow was introduced to his audience by Mr. W. A. Thomason, of the North Middletown precinct. He spoke for about one and a half-hours, his speech being frequently interrupted by loud applause. He devoted a considerable part of his address to the conduct of State affairs by the Democratic administration and played up the Armstrong clothing deal incident for one of his strongest arguments. He exhibited samples of the cloth which he said told the story that somebody got \$5,000 out of a \$10,000 transaction. His speech was the usual argument for the success of the G. O. P., and pleased his audience immensely.

RECENT STOCK TRANSACTIONS

There has been very little activity in the livestock market recently. A few shipments have gone out to the markets. FOOTBALL GAME AT WRIGHT FIELD TO-DAY.

The Paris and Carlisle High School football eleven will meet in a struggle on the Wright Field, near Paris, this afternoon, at three o'clock. The game this afternoon is expected to be a hummer.

LOCAL POLITICIANS ARE WAGERING ON STATE CONTEST

With the near approach of the State election local politicians are beginning to warm up with their betting propositions. The sum of \$2,500 was deposited with a local pool room last Wednesday, to be bet at even money on the success of the Democratic ticket in the State contest, while Republican henchmen were equally as "strong" in supporting the claims of their candidates in the contest, by putting up financially as evidence of their faith in the G. O. P. Governor Black's supporters seem to have the best of the wagering.

PUBLIC SPEAKING

Hon. Harry V. McChesney, of Frankfort, and Mr. Maury Kemper, of Lexington, will address the Democratic voters of this county, at the court house in this city, at 2:30 o'clock, next Monday afternoon, Nov. 3, (County Court day) in the interest of the Democratic State ticket.

Both gentlemen are too well known here to need words of introduction. They are true-blue Democrats, and orators who have made reputations in many lines of human endeavor. They will expound true Democratic doctrine, and there should be an outpouring of the Democratic hosts to hear them. These will be the last speeches in the county in the present campaign.

A Coated Tongue? What it Means

A bad breath, coated tongue, bad taste in the mouth, languor and debility, are usually signs that the liver is out of order. PROF. HENRY METER says: "The liver is an organ secondary in importance only to the heart."

We can manufacture poisons within our own bodies which are as deadly as a snake's venom.

The liver acts as a guard over our well-being, sifting out the cinders and ashes from the general circulation.

A blockade in the intestines piles a heavy burden upon the liver. If the intestines are choked or clogged up, the circulation of the blood becomes poisoned and the system becomes loaded with toxic waste, and we suffer from headache, yellow-coated tongue, bad taste in mouth, nausea, or gas, acid dyspepsia, languor, debility, yellow skin or eyes. At such times one should take castor oil or a pleasant laxative. Such a one is made of May-apple, leaves of aloe and jalap, put into ready-to-use form by Doctor Pierce, nearly fifty years ago, and sold for 25 cents by all druggists as Dr. Pierce's Pleasant Pellets.

WEEK'S SALARY NOW FOR PAIR OF SHOES.

One of the most entertaining writers in the country is O. O. McIntyre, whose "New York Day By Day" column is always full of something good. In a recent letter McIntyre tells of his experience in buying a new pair of shoes:

"I have just been down to buy a pair of shoes. Whittier wrote his blessing on the barefoot boy, but

why did he overlook the barefoot man? Buying a pair of shoes is just like picking out an automobile—only more expensive. In one Fifth avenue shop the cheapest thing they had was \$18. I once bought a horse for that. It seems that there are too many feet in the country. Buying a shoe was once an easy matter. The only embarrassment was to have a hole in your sock. Now it is a matter of shapes, styles and colors. Do you fancy something with a red body and a dark brown running gear? No? Well, how about the latest yellow speeder model with a one-man top? You may have a pair of either for a sum slightly lower than the last loan to France."

RETAIL SALE OF SURPLUS GOVERNMENT SUPPLIES

Mayor E. B. January has received a letter from Lieut.-Col. E. B. Gregory, Zone Supply Officer of the Quartermaster's Depot, located at Jeffersonville, Indiana, in regard to the Government sale of surplus supplies. The press has been asked to give wide publicity to the letter, which is accompanied by a list of articles, and prices at which they may be obtained. The letter follows:

"Jeffersonville, Indiana, October 23, 1919. Mayor of Paris Bourbon County, Kentucky.

"1. As you may be aware, the Government is disposing of certain surplus supplies through the medium of retail stores, established in various cities throughout the United States. These supplies consist of hardware, clothing and food stuffs.

"2. As it is not practicable to establish a retail store in your city, the War Department has authorized this Depot to accept bulk orders from any municipality, district or any bona fide community buying organization. These orders will be shipped by freight, charges prepaid, and a discount of ten per cent, on the entire bill will be allowed for overhead, which the purchaser must necessarily incur in distributing the goods. Assurance, however, must be given by the purchasing municipality, district or community that the goods will be delivered to the ultimate consumer at the Government retail price.

"3. There is enclosed herewith a list of items which this depot is able to furnish you. You may be assured that any goods ordered will be promptly furnished or the money refunded.

"4. Cash in shape of a Post Office Money Order or certified check must accompany the order.

"5. As the purpose of establishing these retail stores was not so much to dispose of the surplus stock as to put the goods in the hands of the ultimate consumer at the cheapest price possible, it is especially requested that you interest yourself in this matter and place it before any of the citizens of your town who may be desirous of taking advantage of this offer.

"6. This Depot will be glad to furnish you any additional information which you may desire.

"By authority of the Zone Supply Officer.

"E. B. GREGORY, Lieut. Col., Q. M. Corps, Zone Officer."

Do not delay. Go to your druggist and insist on his supplying you with GOLD MEDAL Haarlem Oil Capsules. THE POSTMASTER WORKS

Postmasters of all classes are taking an active interest in the sale of Treasury Savings Certificates, as well as keeping up their sales of War Savings Stamps, throughout Missouri, Arkansas and Kentucky.

In scores of cities, ranging from those that have a population of 100,000 to those with a few hundred, postmasters have sent in their orders for the Treasury Savings Certificate in the denomination of \$1,000.

The Postoffice Department sees to it that the postmasters have a supply of the War Savings Stamps and the \$100 Certificates on hand, but the larger denominations are usually sold through the banks. However, postmasters have ascertained that there is no objection to them taking orders for the \$1,000 certificates, and they are experiencing little difficulty in placing them when they explain their advantages.

Best When Fully Ripe.

The exuberance of beauty in woman does not reach its climax before the age of 35 or 40. Helen, the great Greek beauty, was 48 years old when she came to Troy. Aspasia did not become the friend of Pericles before the age of 37, and long after that she was admired as the most beautiful woman of her time. Cleopatra was over 30 when Antonius fell in love with her, and Diana de Poitiers over 36 when she won the heart of Henry II.

"KILL-JOYS"

Constipation, Headache, Colds, Biliousness ended with "Cascarets"

Nothing takes the joy out of life quicker than a disordered liver or waste-clogged bowels. Don't stay sick, bilious, headachy, constipated. Remove the liver and bowel poison which is keeping your head dizzy, your tongue coated, your breath bad and stomach sour. Why not spend a few cents for a box of Cascarets and enjoy the nicest, gentlest laxative-cathartic you ever experienced? Cascarets never gripe, sicken or inconvenience one like salts, oil, calomel or harsh pills. They work while you sleep.

AMERICA MUST GO AHEAD.

It is a good thing for those Americans who think their country is a hard taskmaster in requesting economy, saving and adherence to the necessary to any nation that has been at war, to note that the Government of the United States is not the only government which is advising its people to live well, work well and save well.

Our very close ally across the sea—England—is urging the unity of her people in thrift and saving, to keep the industry of that country from declining, which would mean disaster and a longer period of reconstruction.

In a memorable speech by King George, not long since in London, he said:

"With the end of the war a great chapter in the history of our country is closed. A new era which is opening before us brings its own tasks, and the same qualities which have carried us to victory will be needed in full measure for the work of reconstruction. The spirit of union, self-sacrifice and patience which our people displayed during years of fighting, will still be required if we are to reap the full benefit of the peace which we have won. And those great qualities must be reinforced by the homelier virtues of industry and thrift."

"As was inevitable in the prosecution of the war, we have been losing largely on our capital. Now that we are at peace again our country urgently demands from every citizen the utmost economy in order to make the best use of the resources which our nation possesses, and strenuous and unremitting industry in order to insure the greatest we shall have to face depression and poverty. Without these we cannot hope to maintain the high position in the industrial and commercial world which we held before the war. I am confident that the ancient and sterling virtues of the British people will not fail us in our hour of need."

The confidence expressed by the English people would bend every effort in the interest of their country's weal, is splendid, and we of America should give the same assurance to the world that we will not allow our commercial interests to falter. To work together, united for the welfare of our country—to be economical—to save and invest wisely so that there will be no chance of losing, is the safest plan for each individual to follow. There is no better investment in the world to-day than with the U. S. Government. The securities of War Savings Stamps and Treasury Savings Certificates which she offers, bearing four per cent. interest, compounded quarterly are as sound as the Rock of Gibraltar.

I have used a box of Doan's Kidney Pills at those times and they have always rid me of the complaint. I think they are a splendid medicine and gladly recommend them."

SAYS "CONEY" CONFIRMS SEVERE WINTER PREDICTION

The coney has confirmed the wild duck's prediction of a long, cold winter.

The coney is a species of rabbit that inhabits the higher Rocky areas, feeding on "timberline" vegetation, according to Webster, but Ed. Tangen, of Boulder, Col., mountain climber, says he's only part rabbit. "He looks like a rabbit," avers Ed, "but barks like a prairie dog, hibernates like a bear, and is as bashful as a beaver. And is a real weather prophet."

Tangen declares he recently saw scores of the little animals gathering their winter store of food, which is a sure sign that the winter season will be here soon and will be very severe.

AN AGREEABLE SURPRISE.

"About three years ago when I was suffering from a severe cold on my lungs and coughed most of the time night and day, I tried a bottle of Chamberlain's Cough Remedy and was surprised at the promptness with which it gave me relief," writes Mrs. James Brown, Clark Mills, N. Y. Many another has been surprised and pleased with the prompt relief afforded by this remedy.

"Let's do the darn job together"

—Ches. Field

WHY is it that more and more smokers (millions now) are getting together with Chesterfields?

First of all, fine tobaccos. Our own buyers in the Orient send us the pick of the finest Turkish varieties (Xanthi, Cavalla, Smyrna and Samsoun). We blend these by a secret method with specially choice Domestic leaf.

This method brings out new qualities of flavor—a smoothness, a richness, a mellowness that go right to the spot. That's the reason Chesterfields satisfy.

And remember—"Satisfy" is Chesterfield's secret, based on our own private formula, which cannot be copied.

Every package has a moisture-proof wrapping—another reason for Chesterfield's unchanging quality of flavor.
